Dipshikha Adhikari

Frontend developer

akbivash@gmail.com • 9807559979 • Kathmandu • male • https://portfolio-1996.netlify.app/

Profile

Throughout my career as a front end developer I've emphasized the importance of scalable and well documented code. I enjoy working collaboratively but can also run with projects on my own. I am proficient in developing responsive and user-friendly interfaces and implementing third-party libraries. I am committed to staying up-to-date with the latest trends and best practices in frontend development to deliver exceptional user experiences.

Projects

E-commerce website
- Designed responsive UI from scratch using React and Tailwind CSS.
- Used Redux Toolkit to manage state and implemented Stripe for payment system.
- Worked with the RESTful API to create endpoints for retrieving product information and updating products.

Dashboard
- Used libraries like Recharts and Material UI to create charts and data table.

Blog application
- Used Next.js , React and Tailwind to build user interface.
- Reduced development time by using API routes to retrieve product data from the backend.
- Improved development time and code maintainability by using TypeScript for type-checking and better code organization.
- Implemented user authentication using Firebase and Next.js' built-in authentication module (NextAuth.js), allowing users to securely sign up, log in.

Skills

Communication and Collaboration   **Time Management and Prioritization**   **Problem Solving**

Continuous Learning

Technical Skills

HTML/CSS/JS	React/Next.js
Git/Github	Redux Toolkit
Tailwind CSS	Firebase

Education

2020 — present	**Web development,** *Google*	
2016 — 2020	**Bachelor of Arts,** *Ratna Rajya Laxmi Campus*	Kathmandu, Nepal
2012 — 2014	**Intermediate of Science,** *Oxford College*	Butwal
